Tiny House, Plan SPARK Little River 17.5

Tiny Houses are often as unique as their owners.

The SPARK Little River is a 7 Meters long tiny house on wheels with a 10/12 hip roof. It has a bathroom sized to fit a square shower stall, composting or standard toilet, and small wall mounted sink. Just outside the bathroom is a small kitchen. At the end of the house is a small bedroom ideally sized for a double bed – but could tightly accommodate a queen bed too. A sleeping loft would be placed above the kitchen and bathroom access from the main living space.
