WHY SPARKDECK WPS? |

Life's different out here. One step through the door and you feel it. It's more personal, less stressful. Away from the TV and video games. Where talking takes place over texting, nature provides the backdrop, and neighbors are welcome to sit a spell. As comfortable for lazy Sunday coffee as it is for a crazy Saturday cookout. And more moments are likely to be memories.

We get it. It's why we're a leading innovator in composite wall cladding and have been for years. Day after day, we imagine unrivaled combinations of colors, styles and mix-and-match options-then bring them to life. All to help you create a space that's as beautiful as it is functional-and as easy to design as it is to care for.

The ultimate in low-maintenance living - with a 25-year warranty that proves our dedication to perfection. High-performance decking. Low-maintenance living. It's our passion.

The excellent features of **SPARK** PC wall cladding.

Comparing timber with **SPARK** Wood composite product. after two years of time-tested about water(rain), climate(hot-cold), UV-arrounding(sunshine) and moth-eaten, you can see the real picture show. The WPC still keep their excellent performance. But the Timber have become crack, fade, moth-eaten,aging and rotten.

The advantages of **SPARK WPC** wall cladding.

WPC cladding powerful force that it can adapt to the application in the commercial building sector, a waterproof, moisture, insects, termite characteristics and plasticity, can be very simple personalized style, fully embodies the personal style, especially its ultra fire performance (indoor saving up to 30%) it has a unique advantage.

COOWIN® wpc cladding to the best face to show in front of customers, regardless of appearance or packaging are sure to achieve excellence, each product is a work of art, through rigorous quality testing, environmental protection, pollution.
